BOOK SYNOPSIS

The long-awaited revision of the bestselling and definitive child care manual from the internationally renowned Gesell Institute of Human Behavior. Child Behavior The classic child care manual from the internationally renowned Gesell Institute Since it was first published, Child Behavior has become classic reading for parents and professionals around the world. This authoritative guide offers the basics of child development, addressing exactly how childrens bodies can affect their behavior. The authors not only discuss what to do to treat specific behavior problems but actually advise parents on how, in many instances, they can prevent many common and more serious problems. The authors practical, accessible advice covers a variety of issues including: Everyday activities such as eating, sleeping, and dreams Intelligence and success in school Stress and fears Relationships with parents and siblings Discipline Talking about difficult subjects such as religion, death, adoption, and divorce What to do if further help is needed, with a full explanation of diagnostic tests and treatments
